Procedure on receipt of application.

The University Council may call for any further information which it may deem necessary before proceeding with the application or may advise the management that the application is premature and should be submitted in a subsequent year, or may decline to proceed with the application if it is satisfied that the arrangements made, or likely to be made, before the beginning of the academical year in which the courses are to be started for the conduct of courses are not sufficient or suitable, or if the college has failed to observe the conditions laid down in respect of any previous recognition, affiliation or approval.

Local enquiry.

If the University Council decides to proceed with the application, it shall direct a local enquiry to be made by a competent person or persons appointed by it in this behalf: provided that it shall be competent for the University Council to dispense with the enquiry abovementioned in the case of any subject or group of subjects in which it does not, for special reasons which shall be recorded, consider a local enquiry necessary.

After considering the report of the local enquiry, if any, and after making further enquiries it may deem necessary, the University Council shall decide whether the affiliation should be granted or refused, either in whole or in part, and shall after consultation with the Academic Council, grant or refuse the affiliation accordingly. In case the affiliation is granted, the fact shall be reported to the Academic Council and the Senate at the next meeting.

The affiliation granted may be provisional. If provisional, affiliation shall be granted for a fixed period; the length of the period and the conditions which shall be fulfilled by the college before the expiry of the period shall be specified in the order of the University Council granting the affiliation. If the conditions are not fulfilled by the end of the period fixed, the affiliation shall cease automatically, and in no case shall any extension of time be permitted. If the conditions are fulfilled the University Council shall have the power at the end of the period to confirm affiliation. The confirmation of affiliation shall be reported to the Academic Council and the Senate.

Recognition, etc., not granted with retrospective effect.

Affiliation shall in no case be granted with retrospective effect. Attendance at courses of instruction provided in colleges or in subjects before affiliation is granted shall not qualify for the grant of certificates of attendance; and such attendance shall not entitle any candidate to exemption from the production of certificates of attendance.

Withdrawal of affiliation

An application for affiliation may be withdrawn at any time before an order has been passed by the University Council, provided that the college shall not be entitled to a refund of the fee paid, in cases in which the University has incurred the expenditure of sending out an Inspection Commission.
